LONDON, UK and Santa Monica, CA, April 01, 2024 (GLOBE NEWSWIRE) – XBP Europe Holdings, Inc. ("XBP" or the "Company") (NASDAQ: XBP), a pan-European integrator of bills and payments and related solutions and services seeking to enable the digital transformation of its clients, announced today its financial results for the full year ended December 31, 2023.

"We start the year as a newly listed public company, having completed our long-awaited business combination towards the very end of 2023. In 2024, we are focusing on growth, investing in sales of our existing solution suite as well as the expansion into new solutions, most notably Reaktr.ai and XBM Omnidirect. In line with our growth objectives, we are expanding the use of cloud in order to be agile, while remaining nimble. We will keep our employees and the investor community apprised of our progress in the coming weeks and months," said Andrej Jonovic, Chief Executive Officer of XBP.

#### **Full Year Highlights**

- **Revenue:** Revenue for 2023 was \$166.6 million, a decline of 7.7% compared to \$180.5 million in 2022 due to completion of one-time projects, lower volumes and client contract ends, offset by positive impact of new business.
  - Revenue for the Bills & Payments segment was \$121.9 million, a decline of 11.0% year-over-year, primarily due to completion of
    projects, lower volumes and client contract ends, offset by positive impact of newly won business, some of which is in early stage of
    ramp
  - Technology segment revenue was \$44.7 million, an increase of 2.5% year-over-year, led by higher volume of software licenses sold and an increase in technology implementation and professional services revenue
  - Announced the win of a large public sector project totaling ~\$48 million of TCV ("Total Contract Value")
  - Won ~\$58 million of ACV ("Annual Contract Value")
  - We are investing in sales and business development functions to expand our focus on winning large tech and digital transformations
- **Operating loss:** Operating loss in 2023 was \$4.2 million, compared with operating loss of \$2.0 million in 2022. In 2023, we incurred a restructuring charge of \$6.7 million. The year over year change was due to the gross profit decline of \$4.7 million which is inclusive of the restructuring expense, offset by a reduction in related party expense of \$3.6 million. This related party expense reduction is primarily driven by the modification of the services provided when the merger agreement was entered into on October 9, 2022.
- Net Loss: Net loss for 2023 was \$11.0 million, compared with a net loss of \$7.9 million in 2022. The year over year increase was materially driven by a restructuring charge of \$6.7 million.
- Adjusted EBITDA<sup>(1)</sup>: Adjusted EBITDA for 2023 was \$11.6 million, a decrease of 20.0% compared to \$14.5 million in 2022. Adjusted EBITDA margin for 2023 was 7.0%, a decrease of 100 basis points from 8.0% in 2022.

- Capital Expenditures: Capital expenditures for 2023 were 1.6% of revenue compared to 3.5% of revenue in 2022. Capital expenditures in 2022 were higher due to purchase of the Company's Irish headquarters in Dublin, Ireland.
- Adequate Liquidity: Received a total of \$5.2 million in net proceeds from the business combination with CF Acquisition Corp. VIII. Current portion of long-term debt was \$3.9 million at year-end 2023 compared to \$5.0 million at year-end 2022. To fund our growth, our Secured Borrowing Facility (amended factoring agreement) provides for sale of new receivables up to a funding limit of €15.0 million.

#### Below is the note referenced above:

(1) Adjusted EBITDA is a non-GAAP measure. A reconciliation of Adjusted EBITDA is attached to this release.

For more information, please visit: www.xbpeurope.com.

#### **About Non-GAAP Financial Measures**

This press release includes constant currency, EBITDA and Adjusted EBITDA, each of which is a financial measure that is not prepared in accordance with U.S. generally accepted accounting principles ("GAAP"). XBP Europe believes that the presentation of these non-GAAP financial measures will provide useful information to investors in assessing our financial performance, results of operations and liquidity and allows investors to better understand the trends in our business and to better understand and compare our results. XBP Europe's board of directors and management use constant currency, EBITDA and Adjusted EBITDA to assess XBP Europe's financial performance, because it allows them to compare XBP Europe's operating performance on a consistent basis across periods by removing the effects of XBP Europe's capital structure (such as varying levels of debt and interest expense, as well as transaction costs resulting from the combination with CF Acquisition Corp. VIII. on November 29, 2023 (the "Business Combination") and capital markets-based activities). Adjusted EBITDA also seeks to remove the effects of restructuring and related expenses and other similar non-routine items, some of which are outside the control of our management team. Restructuring expenses are primarily related to the implementation of strategic actions and initiatives related to right sizing of the business. All of these costs are variable and dependent upon the nature of the actions being implemented and can vary significantly driven by business needs. Accordingly, due to that significant variability, we exclude these charges since we do not believe they truly reflect our past, current or future operating performance. The constant currency presentation excludes the impact of fluctuations in foreign currency exchange rates. We calculate constant currency revenue on a constant currency basis by converting our current-period local currency revenue using the exchange rates from the corresponding prior-period and compare these adjusted amounts to our corresponding prior period reported results. XBP Europe does not consider these non-GAAP measures in isolation or as an alternative to liquidity or financial measures determined in accordance with GAAP. A limitation of these non-GAAP financial measures is that they exclude significant expenses and income that are required by GAAP to be recorded in XBP Europe's financial statements. In addition, they are subject to inherent limitations as they reflect the exercise of judgments by management about which expenses and income are excluded or included in determining these non-GAAP financial measures and therefore the basis of presentation for these measures may not be comparable to similarly-titled measures used by other companies. These non-GAAP financial measures are not required to be uniformly applied, are not audited and should not be considered in isolation or as substitutes for results prepared in accordance with GAAP. Net loss is the GAAP measure most directly comparable to the non-GAAP measures presented here. For reconciliation of the comparable GAAP measures to these non-GAAP financial measures, see the schedules attached to this release.
